

FlexNet Connect

1. Definitions.

- a. **"FNC End User"** means a licensee of a Licensee FNC Products.
 - b. **"FNC Platform"** means a separately purchased component of the FlexNet Connect that relates to a unique combination of (i) a development language, (ii) an operating system and (iii) a processor set.
 - c. **"FNC Revenue"** means the sum of (i) all revenue from all sources directly related to the Licensee FNC Software Products recognized in accordance with GAAP during each of Licensee's fiscal years, including, but not limited to all license, subscription and recurring maintenance and support revenue plus (ii) all revenue from all sources directly related to the Licensee FNC Hardware Products recognized in accordance with GAAP during each of Licensee's fiscal years, including, but not limited to all license, lease and recurring maintenance and support revenue. FNC Revenues does not include (a) revenue from consulting services related to the implementation, installation, customization or configuration of Licensee FNC Products or (b) revenue from any generic hardware (e.g., a 3rd party blade server) sold alongside a Licensee FNC Product.
 - d. **"Licensee FNC Hardware Products"** means all of Licensee's hardware products with which Licensee directly or indirectly uses FlexNet Connect. A Licensee hardware product is not a Licensee FNC Hardware Product merely because FlexNet Connect or a Licensee FNC Software Product is installed upon it; rather FlexNet Connect must be used with the Licensee hardware product itself for it to be a Licensee FNC Hardware Product.
 - e. **"Licensee FNC Products"** means collectively, the Licensee FNC Software Products and the Licensee FNC Hardware Products.
 - f. **"Licensee FNC Software Products"** means all of Licensee's software products with which Licensee directly or indirectly use FlexNet Connect.
2. **Fiscal Year.** The last month of Licensee's fiscal year will be established as December. Licensee may request a change by providing a written request to Flexera regarding such change.
3. **Delivery.** FlexNet Connect consists of both a server element (the "Back Office Software") and a client element (the "Client Software"). Licensee may install the Back Office Software on Licensee's computers for use only by Licensee's employees and Contractors. Licensee may make a copy of the Back Office Software solely for back-up or testing purposes. The Client Software shall be deemed a "redistributable" and subject to the limitations set forth in the applicable Order, invoice or SKU. For SaaS Products, Flexera will make the Back Office Software available to Licensee remotely via a Cloud Site.
4. **Redistributables.** Licensee may copy any files specifically identified in the Documentation as "redistributables" and redistribute such files with Licensee FNC Products to FNC End Users, provided that: (a) such Licensee FNC Products add primary and substantial functionality to the redistributables, (b) all copies of the redistributables must be exact and unmodified; (c) Licensee grants the FNC End Users a limited, personal, non-exclusive and non-transferable license to use the redistributables only to the extent required for the permitted operation of the Licensee FNC Products; and (d) Licensee informs the FNC End Users of the connection, collection and dissemination of information between such FNC End Users, Licensee and/or Flexera, as applicable. Licensee will reproduce with the redistributables all applicable trademark and copyright notices that accompany FlexNet Connect and/or redistributables, but Licensee may not use Flexera's name, logos or trademarks to market Licensee's products. The termination of any FlexNet Connect license will not require the removal or deletion of the redistributables from Licensee FNC Products that were distributed prior to the effective date of termination.
5. **Limitations.** Licensee may only use FlexNet Connect with Licensee FNC Products that generate revenue. Licensee shall not (and shall not allow any third party to):
- a. use FlexNet Connect to capture, collect or transfer any information, including, but not limited to, information related to its FNC End Users, in violation of any privacy, confidentiality or other restrictions, laws or regulations of any United States or foreign agency or authority applicable to such information. In addition, Licensee shall ensure that the use of any such information complies with all

privacy, confidentiality or other restrictions, laws or regulations of any United States or foreign agency or authority applicable to such information;

- b. use the data captured using the Instrumentation Management module of FlexNet Connect to post-charge Licensee customers in any way (maintenance, subscription, surcharge, etc.); or
- c. use FlexNet Connect with a Licensee product where the primary functionality of such Licensee product when taken as a whole is substantially similar to the functionality of FlexNet Connect.

6. Reference Linux Platforms.

- a. For any FNC Platforms any identified on an Order, invoice or SKU that include the phrase “reference Linux” in its name on the applicable Order, invoice or SKU (the “FlexNet Connect Reference Linux Platforms”), Licensee may implement such FNC Platform(s) on the processor set listed in the FlexNet Connect Reference Linux Platform name in combination with any Linux operating systems other than any of the Linux operating system FNC Platforms available from Flexera as of the date of the applicable Order, invoice or SKU.
- b. Support is only available on the FlexNet Connect Reference Linux Platforms licensed regardless of the Linux platform on which Licensee implements FlexNet Connect. Accordingly, all requests for support related to a Linux platform must be reproducible by Licensee on the licensed FlexNet Connect Reference Linux Platform. In the event the support request is reproducible on the FlexNet Connect Reference Linux Platform, Flexera will provide support to Licensee. In the event the support request is not reproducible on the FlexNet Connect Reference Linux Platform, Flexera will have no obligation to provide support to Licensee with respect to such request.

7. Porting Kits.

- a. For any FlexNet Connect Porting Kit identified on an Order, invoice or SKU, Licensee is granted the right to use the FlexNet Connect Porting Kit in order to port FlexNet Connect to any platform other than a FNC Platform available from Flexera as of the date of the applicable Order, invoice or SKU (each a “Licensee Ported FNC Platform”). Licensee acknowledges that Flexera will retain all ownership in and to the FlexNet Connect Porting Kit and the port to the Licensee Ported FNC Platform(s).
- b. Licensee understands and acknowledges that Support is only available on the FNC Platform(s) licensed and will not be provided for any Licensee Ported FNC Platforms. Accordingly, all requests for support on the Licensee Ported FNC Platforms must be reproducible by Licensee on the FNC Platform(s) licensed or, if no FNC Platform is licensed, on one of the CentOS or Debian Linux FNC Platforms available from Flexera at the time of Licensee’s request for support (each a “FlexNet Connect Reference Platform”). In the event the support request is reproducible on an applicable FlexNet Connect Reference Platform, Flexera will provide support to Licensee. In the event the support request is not reproducible on an applicable FlexNet Connect Reference Platform, Flexera will have no obligation to provide support to Licensee with respect to such request.

8. Enterprise Update Management Modules. For any FlexNet Connect Cloud Enterprise Update Management Modules identified on an Order, invoice or SKU, Flexera grants to Licensee the right to provide each FNC End User with limited access to the Cloud Site for the limited purpose of managing such FNC End User’s assets and entitlements to Licensee FNC Products. Licensee will not use, copy, modify distribute, or provide any third party access to the Cloud Site (including their user interfaces) except as provided in this Agreement.

9. License Grant to Licensee FNC Products. Licensee grants to Flexera the right to reproduce, copy, host and distribute the Licensee FNC Products as necessary for Flexera to implement and provide the Cloud Site as set forth herein. Notwithstanding the foregoing, Licensee or its licensors own all right, title and interest in and to the Licensee FNC Products and related Licensee documentation, and in all proprietary and intellectual property rights related thereto, including but not limited to patent, copyright, trademark and trade secret rights wherever arising in the world. Subject to the limited licenses granted herein, no such rights are transferred to Flexera hereunder. Flexera will not use, copy, modify, distribute, or provide any third party access to the Licensee FNC Products except as contemplated under this Agreement. Flexera will not decompile, disassemble or reverse engineer the Licensee FNC Products. Licensee warrants that (i) it has the authority to grant to Flexera the license described herein and (ii) it shall use commercially available anti-virus software to

test the Licensee FNC Products for viruses, worms, Trojan horses or other harmful, malicious or destructive code and such test has shown no such viruses, worms, Trojan horses or other harmful, malicious or destructive code.

10. **Modules.** These FlexNet Connect terms and conditions shall apply to any modules licensed in conjunction with FlexNet Connect.
 11. **Software or SaaS.** For the purpose of the Agreement, FlexNet Connect may be considered either “SaaS” or “Software” and the Order, invoice or SKU will specify which will apply either through the words SaaS or Cloud for SaaS and On-Premise for Software.
